This year marks the 21st anniversary that April was established as Water Conservation Month in Florida. The District, along with Florida Department of Environmental Protection and the American Water Works Association are teaming up to promote April as Water Conservation Month. Our District Governing Board will consider a proclamation recognizing April as Water Conservation Month at an upcoming meeting.

A statewide list is being compiled to identify all of the areas that joined this effort. This list will be presented to the Governor in support of a state resolution declaring April as Water Conservation Month. We will also be recognizing your community on our website and social media.
